

# Matzah Raft Will Travel

Carol Bloom Levin, author & illustrator of **HAGGADAH REGATTA**, loves to travel with TooZooZEEM on the little matzah raft. The family Haggadah is fun reading in the days leading up to Passover and all through the seder.

## SCHOOL PROGRAMS

### Grades Pre K - K

The adventure begins when our shoes come off (All the better to stomp with.) The goal for the crew is to match the cards on the raft with the story in the Haggadah. Every card must be found before the raft can sail home.

### Grades K - 2

Shoes stomp at this program, too. We say the blessings in English, ask (and answer) the four questions, shout deye-AY-noo, count Ten Terrors, and search for the Ah'feeKOHmehn.

### Grades 3 - 5

Everyone in this group gets into the act. We sing in English and Hebrew, explore the Passover themes, and learn how our actions really matter... even if you happen to be an only kid named TooZooZEEM.
